EMPLOYMENT

Junior Frontend Developer	Cheddo Technology	Jan 2021 – Aug 2022
----------------------------------	--------------------------	----------------------------

- Turned the designs in Figma into functional front-end for websites, a mobile application and a desktop application using frameworks such as React, React Native, and Electron.
- Integrated RESTFUL APIs from back-end with front-end of the websites, a mobile application, and a desktop application.
- Resolved bugs related to user interface, user experience and integration of the RESTFUL APIs.
- Wrote unit-tests for front-end components using Jest testing framework.
- **Skills:** Redux · React Native · React · TypeScript · Git · Jest · Electron · Bootstrap · JavaScript

EDUCATION

Glasgow, Scotland, UK	University of Glasgow	Sep 2022 – Sep 2023
------------------------------	------------------------------	----------------------------

- MSc in Information Technology, Sep 2023.
- Relevant Coursework: Database Theory · Programming · Software Engineering · Systems and Networks · IT Team Project · IT Individual Project · Algorithms and Data Structure · Internet Technology
- **Skills:** Java · Django · Next.js · Tailwind CSS · MySQL · Figma · Postman

Bangkok, Thailand	Chulalongkorn University	2016-2020
--------------------------	---------------------------------	------------------

- BE in Aerospace Engineering, 2020. GPAX: 3.04/4

SOFTWARE PROJECTS

Personal Website: <https://rb.gy/qoeca> (for additional information and projects)

Freelancerth

- Developed a freelancing platform web application as part of my final individual project at the University of Glasgow.
- Assumed the role of a UX/UI designer, creating webpage designs in Figma.
- Acted as a database designer, formulating the database table schema.
- Worked as a front-end developer, transforming Figma designs into a functional website.
- Implemented as a back-end developer, creating logic to store user input data in the database.
- Conducted various types of testing (manual tests, unit tests, API tests with Postman and Jest) in the role of a tester.
- **Skills:** Next.js · Tailwind CSS · MySQL · Figma · Postman · Jest

Chup Chup

- Developed a voucher selling platform catering to many sectors, the biggest project at Cheddo Technology.
- Was part of a four-member front-end team.
- Handled multiple responsibilities including transforming designs from Figma into a functional website, integrating APIs from the back-end into the front-end, and resolving front-end bugs identified by any QA.
- **Skills:** React · Redux · TypeScript · Git · Bootstrap

CERTIFICATIONS

-
- Certificate of Completion - Node.js, Express, MongoDB & More: The Complete Bootcamp 2022 (Issued by Udemy in Jul 2022).
 - Certificate of Completion (Gold Award) – Thinking Like a Programmer Pathway (Issued by Chulalongkorn University in Aug 2020).

SKILLS

-
- Languages: Thai (Native proficiency) · English (Advanced Working Proficiency according to TOEIC (975/990))
 - Programming Languages: Java · Python · JavaScript · TypeScript
 - **Frameworks:** React · React Native · Next.js · Tailwind CSS · Bootstrap · Django · Electron · Jest · Node.js
 - Soft Skills: Time and project management · Adaptability · Problem-solving · Critical thinking
 - Others: Postman · Git · Figma · MySQL · HTML · CSS
